

## CANPOWERSKATE COACH TRAINING AND CERTIFICATION PATHWAY

### Mandatory Pre-Requisites:

- 🔥 Be a Skate Canada registrant
- 🔥 Be at least 16 years of age

Participants must have a strong understanding of the following CanPowerSkate skills prior to taking the course: Stance and Balance, Gliding (Straight & Circle paths), Stops, Starts, Forward Stride, Backward Stride, Turns & Pivots, Forward Crossovers, Backward Crossovers. Participants should also have a strong understanding of how these skills apply to hockey or ringette game situations, and must be able to demonstrate these skills using hockey skates and a hockey/ringette stick

### Figure Skating Background

Completed the NCCP Instruction Stream – Beginner workshop (CanSkate) equivalent or higher

### Hockey Background

Completed Community Sport Coach Stream Workshop (Coach 1- Intro to Coach or Coach 2- Coach Level) or higher

### Ringette Background

Completed the NCCP Community Sport Coach Stream Workshop (Community Sport-initiation) or higher

### Attend 2-Day CanPowerSkate Course

- 🔥 Participants must possess the ability to demonstrate on-ice CanPowerSkate skills to obtain final credit for this training
- 🔥 Participants must successfully pass the CanPowerSkate coach's exam
- 🔥 Participants must successfully pass the on-ice practice teaching lesson
- 🔥 Emergency Action Plan (EAP) if not already completed successfully in the Skate Canada, Hockey Canada, or Ringette Canada coaching workshops

### **CanPowerSkate Coach Certified**

#### Please Note:

Skate Canada is discussing options with the Coaching Association of Canada in making the CanPowerSkate program an approved NCCP certification. In the meantime, Skate Canada does categorize this development as Club Coach in the revised NCCP-LTAD aligned model
