EXCEPTION FOR GOLD INTERPRETIVE TEST

A skater may attempt the Gold Interpretive test foregoing the lower level Interpretive tests only if the skater has achieved his/her Gold certificate in either Free Skate or Dance or Skating Skills or higher. This is the only exception that applies. The skater will skate one performance of his/her Interpretive program and it will be evaluated at the Gold level. The skater will be responsible for the test fees for any of the lower level Interpretive tests not previously achieved.

The club test chair must send the request to the National Office in writing (copying the Section Office) and must include the skater's name, Skate Canada membership number, tests passed and rationale/circumstances surrounding the request. The Member Services Department will verify the skater's test levels and communicate the results of the request directly to the club test chair. These requests will be treated on a case-by-case basis.
