PART A: TECHNICAL PROGRAM REQUIREMENTS INTRODUCTION

Please review the entire Adult Technical Program Requirements when developing programs in preparation for the 2018-2019 skating season. Any changes to the well-balanced program requirements from last season are indicated with an underline or ~~strikethrough~~.

Program Times:

Adult programs have no minimum program time assigned. This will allow skaters to meet their various goals for the season whether that is to pass a STAR test, compete at an ISU or a USFS event, or compete at a Skate Canada Adult Figure Skating event.

Music Requirements:

Vocal music is permitted in all events. If vocal music is chosen, the piece(s) must contain lyrics in good taste and appropriate for competition.

Falls:

All falls on elements or in isolation will be called.

Well Balanced Program Requirements:

Maximum element requirements have been established for all Adult Free Skating, Adult Free Dance, and Adult Pairs events. Note that these are identified as maximum requirements, but there are no minimum requirements.

Elements that may be assigned a level of difficulty (i.e. spins, step sequences, lifts, etc.), may be called up to Level 4 for all categories.

Category Requirements

Skaters are expected to enter the appropriate category(ies) based on the technical program requirements. It is expected that skaters will skate to their ability.

Age Categories:

The following age categories apply to Singles Free Skating and Interpretive events:

Note: Successive age categories may be combined if numbers warrant. Skaters must be notified prior to the start of the competition if age categories are being combined.

Young Adult	18 – 24 years
Class I	25 – 35 years
Class II	36 – 45 years
Class III	46 – 55 years

PART C: INTERPRETIVE EVENTS

Background: Interpretive programs are designed by the skaters and/or coach and focus on the skater's ability to interpret music to create a clear mood/theme or create a story through skating movement. A variety of skating moves should be selected for their value in enhancing the skater's interpretation of the music rather than for their technical difficulty. Movements should not be merely a collection of pleasing or spectacular moves assembled to popular music for the purpose of entertaining an audience (exhibition/show programs). Costumes must be **simple and modest** to enhance the interpretation and must not be theatrical in nature. Props of any kind are not permitted.

An interpretive solo is intended through its process to increase body and choreographic vocabulary and awareness, by meeting specific content criteria. The criteria include:

- Compositional form/development of theme (e.g. a completed idea)
- Dynamics (e.g. sustained, collapse, sharp, smooth)
- Use of space (e.g. planes, directions, indirect, asymmetric shapes)
- Use of full body (e.g. torso, head, hands, legs, feet)
- Use of music (e.g. phrasing, style, awareness and sensitivity to musical elements while performing)

NOTE: In the Open Adult Interpretive Couples category:

- Overhead lifts are not permitted and will be considered as an illegal element
- Small dance lifts which may be either ascending and descending or rotational in character, in which the lifting partner does not raise their hands higher than the shoulder level are permitted
