

STAR 1-10 Program Information

STAR Testing

Preliminary and Junior Bronze tests are a thing of the past. Replacing these levels of tests are STAR 1-5 Coach Assessed Test!

Coaches are now responsible for the development and assessment of their own athletes.

Coach training is available and is necessary prior to the coach being able to assess their skaters. To access this training, Coaches need to log into their Skate Canada profile <https://members.skatecanada.ca/> and click on the “e-learning” tab.

There are multiple free e-learning opportunities available through the Skate Canada Members Website.

Any questions should be directed to Janice Hunter our BC/YK Technical Chair at janicedhunter@gmail.com

Stay tuned for information coming out next year on STAR 6-Gold Testing!
