2020 BC/YK Section Coaches Representative Election Candidates Biographies

Candidate #1
Name: Marilyn Kreuzinger
Club: Mile 0 FSC
NCCP Coaching Level: National Coach Certified

Coaching Background - I have been coaching for 40+ years at the Mile O Club. I have taught all levels, up to skaters attending Canadians. I deliver the Canskate and Provincial level Courses in BC and now other Provinces. I choose to run for this position for several reasons - being part of the Board of Directors keeps me informed and updated so I can assist other coaches when needed. I get many questions from coaches in outlying areas and from coaches in the NCCP Courses and I need to be up to date at all times. My experiences as the Coaching Rep and in my life have made me be a very experienced Mentor! I feel this is strong area for me. I am proud to be part of a progressive Section and want to continue to contribute what I can to the Section Board and the Section Coaches.

Candidate #2
Name: Jolene Lambley

Club: Grandview SC
NCCP Coaching Level: National Coach Trained

Coaching Background - My goal as a coach has always been to create an inclusive skating environment where skaters of all ages and abilities can gain passion, enjoyment, and a sense of accomplishment from their sport. I am always looking for ways to collaborate with other skating professionals, and continuously working to improve the programs we offer to keep skaters skating longer, and in a variety of skating disciplines. If I were to become the Coaching Representative, I would not only be able to share much of what I have learned in my 15 years coaching with others, but also gain a great deal from this opportunity. I have coaching experience with skaters of all ages, from the implementation of Canskate, CanPower, StarSkate, and Synchro programs within clubs, as well as execution of Ice shows and Competition hosting. Skating is my passion and I find joy in giving back to the skating Community.
