

IV. Updated Additional Remarks for Program Components and GOE

Program Components

If a program contains a Serious error, the maximum scores are listed below:

Skating Skills, Transitions, Composition: Maximum score 9.75.
Performance and Interpretation: Maximum score 9.50.

If a program contains Serious errors, the maximum scores are listed below:

Skating Skills, Transitions, Composition: Maximum score 9.25.
Performance and Interpretation: Maximum score 8.75.

Serious errors are falls, interruptions during the program and technical mistakes that impact the integrity/continuity/fluidity of the composition and/or its relation to the music.

Similar limitations must be applied to all levels of Skaters from extremely poor to outstanding.

GOE evaluation

In case of any of the following errors, the starting GOE for the evaluation cannot be higher than +2:

Fall

Landing on two feet

Stepping out of landing

Wrong edge (e)

Downgraded (<<)

Serious problems during the lift

Serious problems on the catch of the Twist

Step Sequences and Choreographic Sequences do not correspond to the music

Multiple errors in any element (e.g. in a jump element both “!” and “<”)

JUMPS

Underrotated (<): Missing rotation of more than a quarter revolution but less than half a revolution. GOE reduction -2 to -3.

Landed on the quarter (q): Technical panel will indicate this with a sign “q”. GOE reduction -2.

SPINS

Difficult entrance and/or difficult exit are part of the spin and have an impact on the GOE of the element.

CHOREOGRAPHIC SEQUENCES

Lack of connection between choreographic movements: The movements should reflect and support the composition of the program. There should be no gaps between movements, everything should be threaded together.

PAIR SPIN COMBINATION:

The lady is allowed to be lifted from the ice during the spin but the man must stay on one foot. The revolutions executed while the lady is being lifted count to the total number of revolutions.
